****Efficient Power Delivery****

The zime 22.5W PowerBank is a portable powerhouse designed to keep your devices charged on the go. With a battery capacity of 10000mAh or 20000mAh, this power bank ensures that you have ample power to recharge your devices multiple times. The dual USB-A ports and a Type-C port offer versatile charging options, allowing you to charge up to three devices simultaneously. The power bank supports a wide range of quick charging protocols, including PD, QC, FCP, SCP, AFC, PE, and VOOC, ensuring that your devices receive the fastest possible charge.

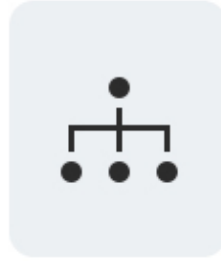

****Designed for Convenience****

The zime 22.5W PowerBank is not just about power; it's also about convenience. The sleek design, available in white and black, makes it a stylish accessory that fits seamlessly into your lifestyle. The power bank's compact size (146*68*16mm) makes it easy to carry in your pocket or bag, ensuring that you're always prepared for a power emergency. The real-time display of charging current, voltage, and battery level provides you with a clear understanding of your power bank's status, while the included USB cable and user manual ensure that you can start using your power bank right out of the box.
