

12V-120Ah LFP Battery Details

Brand: LiitoKala

Model: LP-12120

Battery type: LiFePO4

Battery Voltage: 12.8V

Charge Voltage: 14.6V

Battery capacity: 120Ah

charging current: <50A

Maximum sustainable discharge current:100A

Instantaneous discharge current: 400A

Standard discharge current: >100A

Life: 4000 cycles

Charging temperature: 0~45° C

Discharge temperature: -20~60° C

Storage temperature: -20~65 ° C
